LANGUAGE IN ACTION

EXPRESSIONS OF GRATITUDE

**CHILDREN CRAFTED HEARTFELT
**THANK-YOU CARDS* FOR THEIR
SIBLINGS**

Our young learners embarked on a vibrant journey of mosaic learning
—where art, emotion, and language came together in delightful
harmony.

Health
is wealth

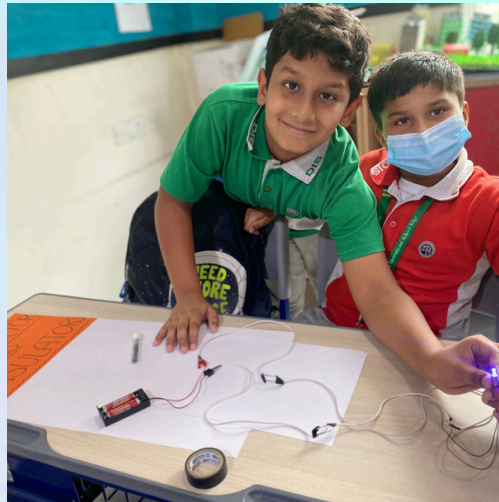

Our commitment to holistic development, Learners engaged in a thoughtfully guided *salad-making activity* that emphasized the importance of nutrition, independence, and mindful living. Through the careful selection, preparation, and presentation of fresh ingredients, children explored the value of balanced eating in a hands-on, joyful manner. This experience not only fostered an appreciation for wholesome food but also reinforced essential life skills such as decision-making, collaboration, and self-care.

CURIOUS LEARNERS CHRONICLE

➤➤➤ EXPERIENTIAL TRAINING FOR IMPACT

This month, our curious learners explored science through hands-on fun—testing solubility, crafting with nature, launching rockets to understand force, and connecting batteries to discover conductors and insulators. Each activity sparked wonder and creativity, turning everyday materials into gateways for discovery and making learning an exciting adventure.

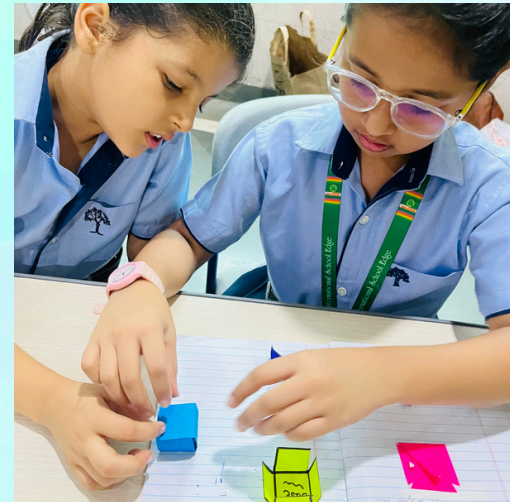

THE
JOURNEY IS
THE LESSON

THE MATHETECTS

IN THE WORLD OF THE MATHETECTS, MATH ISN'T JUST A SUBJECT—IT'S A STRUCTURE FOR THINKING, IMAGINING, AND CREATING.

➤➤➤ EXPERIENTIAL TRAINING FOR IMPACT

our budding Mathetects—math-loving architects of ideas—embarked on a journey of discovery through numbers, shapes, and measurements. With rulers in hand and curiosity in their hearts, they explored the world of mathematics in creative and meaningful ways.

With smartboards illuminating concepts and digital tools guiding discovery, every click and calculation laid the foundation for confident, curious minds.

BROADENING HORIZONS

VASUDHA DONATION DRIVE <<<

Our Grade 4 and 5 learners came together to actively participate in the Vasudha Donation Drive aimed at planting trees and protecting the environment.

They showed great enthusiasm in contributing towards a greener planet by donating for the cause.

This activity helped them understand the importance of environmental conservation, develop a sense of social responsibility, and learn the value of collective effort in making a positive impact on the world.

>>> CELEBRATING CREATIVITY

The school exhibition was a vibrant celebration of student imagination, innovation, and inquiry. Classrooms transformed into galleries, labs, and studios—each corner buzzing with ideas brought to life. The exhibition wasn't just a showcase—it was a stage where learners became leaders, creators, and communicators.

OUR GROCERY STORE EXCURSION <<<

Our young learners of Grades 1 and 2 recently stepped out of their classrooms and into the vibrant world of fresh produce during an exciting excursion to a local green grocery store. The visit was more than just a field trip—it was a hands-on experience in healthy living, environmental awareness, and real-world learning.

VOICE AND VERSE FEST

This month, our campus buzzed with excitement as students stepped into the spotlight through a dynamic blend of quizzes, competitions, and creative performances. From poetic expressions to brain-teasing battles, the Voice and Verse Fest brought out the best in every learner—celebrating voices, verses, and vibrant victories.
