A HEARTFELT TRIBUTE TO OUR EVERYDAY HEROES: MOTHERS

As May unfolds in a symphony of blossoms and sunshine, we find ourselves reflecting on one of the most important relationships in our lives – the bond between a mother and child. It is a connection rooted in love, nurtured with patience, and strengthened by time. Mother’s Day, celebrated in this beautiful month, gives us a chance to pause and truly appreciate the hands that held us first, the hearts that believed in us when no one else did, and the quiet presence that brought comfort in every storm. But mothers come in many forms – not just in the traditional sense. Some are grandmothers who stepped in without hesitation, aunts who became best friends, older sisters who filled the gap, and guardians or mentors who offered love without limits. What binds them all together is the selfless way they give – every day, in ways both seen and unseen. Whether it’s waking up early to make breakfast, staying up late to help with homework, offering a comforting hug after a tough day, or simply being a listening ear – these acts of love weave the fabric of our daily lives. In this heartfelt edition of The DIS EDGE CHRONICLE, we’ve dedicated the pages to celebrating these remarkable women whether it be a mother at home or mother at school. Inside, you’ll find touching stories, poems penned by fellow students, colorful artwork, and thoughtful reflections – all expressions of gratitude from our school community to the mothers and mother-figures who make the world a better place. We invite you to read, smile, and remember the special women who have helped shape who we are. Happy Mother’s Day – today, and every day. ❤️
