# "PENS-N-PENCILS"

Wars and peace  
Wars are terrible,  
Ways to solve problems,  
They ruin countries.  
Let's go back to the 1940's.  
Japan is in,  
A terrible state,  
Due to bombs being dropped,  
By the United States.  
Fast forward to today,  
Libya is collapsing,  
Due to the civil war,  
Civilians are dying,  
Also due to war,  
Avoiding wars isn't that hard,  
Countries just have to stop,  
invading other countries' parts.
